A NASAT Indian National Satellite (NISAR) was launched on Monday, June 6, 2022, released by the Met department in New Delhi, the day before the launch. The NISAR satellite, which was designed to track deforestation, was launched on a polar sun-synchronous orbit, going over the North Indian Ocean and the Indian subcontinent.

The satellite was launched from the Satish Dhawan Space Centre in Sriharikota, Tamil Nadu, India. It is the first of its kind in the world and will be used to track deforestation and changes in the Earth's surface.

The NISAR satellite is expected to provide data on changes in the Earth's surface, including deforestation, land use changes, and land degradation. The data will be used by scientists to understand how human activities are affecting the Earth's surface.

The launch of the NISAR satellite is a significant milestone in India's space program and is expected to boost the country's capabilities in Earth observation and remote sensing.

The NISAR satellite is a joint venture between India and the United States, and it is expected to provide data on changes in the Earth's surface, including deforestation, land use changes, and land degradation. The data will be used by scientists to understand how human activities are affecting the Earth's surface.

It’s good and it should be a meeting of minds. Jaishankar noted that the recent developments in the region, particularly in Afghanistan, have provided an opportunity to think about the future of the Afghanistan-Pakistan relationship. The two leaders discussed the progress made in Afghanistan and Pakistan in the last few months, including the ongoing negotiations between the Afghan government and the Taliban. They also discussed the importance of regional cooperation in addressing the challenges faced in the region.

The meeting resulted in the signing of a joint declaration on the construction of power-generating units at the Kishkalsan dam on the Narmada river in Mandi. The two leaders also discussed the progress made in the implementation of the India-Pakistan nuclear cooperation agreement. They agreed to work together to promote peace and stability in the region.

The Prime Minister also announced that India has signed a new budget for the fiscal year 2022-23, which is expected to exceed Rs 3 trillion.

Bengal BJP moves to set house in order after Shah-Nada prod

The Union Sports Ministry has formed an ad hoc committee to manage and control the affairs of the Wrestling Federation of India (WFI). The ministry has appointed Naveen Patnaik, chief minister of Odisha, as chairman of the committee. The committee will work with immediate effect on WFI affairs.

The Ministry of Coal reports a substantial growth in coal production of 664 million tonnes in 2021–2022, marking a new record. This increase ensures a robust coal supply to meet the country’s energy needs and bolster the nation’s energy security.

**Coal Production Hits New High at 664.37 Million Tonnes**

- **2004**
  - Coal Production: 455.60 MT
  - Growth: 12.29% compared to the corresponding period of 2003–2004.

- **2009**
  - Coal Production: 602.00 MT
  - Growth: 32.56% compared to the corresponding period of 2008–2009.

- **2019**
  - Coal Production: 742.84 MT
  - Growth: 11.32% compared to the corresponding period of 2018–2019.

- **2022**
  - Coal Production: 664.37 MT
  - Growth: 692.84 MT, indicating a commendable increase in coal output.

**Key Highlights**

- **Growth in Production**
  - The Ministry of Coal reports a consistent and robust coal supply due to effective policy measures and infrastructure development.

- **Energy Security**
  - The surge in coal production is expected to enhance the nation’s energy security and facilitate uninterrupted power supply across various sectors.

- **Economic Impact**
  - Coal production growth will have positive economic implications, fostering industrial growth and job creation.

- **Climate Considerations**
  - The increased coal production may have implications on climate change mitigation strategies, necessitating a balanced approach to energy security and sustainability.

**Conclusion**

The coal production record in 2021–2022 highlights the government’s commitment to ensuring a robust coal supply, critical for meeting the country’s energy demands and safeguarding national security. The focus on coal production showcases the government’s readiness to address future energy requirements, underscoring its role in shaping the nation’s energy landscape.
POLITICAL EVENT

UP CONGRESS ASKS PARTY WORKERS TO FIGHT AGAINST OPPOSITION

The Uttar Pradesh Congress has asked party workers to fight against opposition waves. In a programme organised at the party headquarters here, senior Congress leaders drew parables between the British rule in India and the current BJP-led government at the Centre.

“The Congress was established 138 years ago in 1885 when the British ruled India and the country was in the shackles of slavery. It was a Congress which started a movement and fought for independence, senior party leader and Rajya Sabha member Pramod Tiwari said.

“Today, we call upon Congress workers to fight against opposition waves and there is dictatorship in the country, the Congress stands strong and will never waver,” he said.

Senior Congress leader Rahul Gandhi’s “Nyaya Yatra”, Tiwari said, is an attempt to bring its campaign against opposition parties and prove its worth.

“The Congress party has a long history and is dedicated to the country. We are ready to fight against the opposition and prove our worth,” Tiwari added.

Lawyer Shalini Shankar, a former Congress leader, also addressed the party workers.

In his speech, Shankar said, “We are fighting a war against the BJP government. The Congress is the only party that can resist the BJP government and fight against it.

“Congress workers must support the party and fight against the opposition. The Congress is the only party that can resist the BJP government and fight against it.”

Promoting menstrual health crucial for women empowerment, dignity

Dr. Benazir Patil

In the symphony of peace, India has been orchestrating a transformation. This is evident in the ways it weaves together ancient wisdom and modern scientific advancements. This is also revealed in the narrative illuminating India’s pivotal role in spearheading efforts toward global peace through its Vedas, technologies, and programs, which equitably improve and empower people.

The Ripple Effect of TM Practice in Global Peace Research

Studies and research conducted in various countries paint a compelling picture of the benefits derived from Transcendental Meditation (TM) and TM-based programs, and their equally profound improvement impact on the health of individuals and communities.

India’s Trajingleaying Journey into Global Harmony through Science and Vedic Technology

For millennia, India has been offering philosophies and practices that promote peace and harmony and accelerating global mental health and well-being, and empowering sankalpins to contribute to global peace and well-being. Scientific studies published in peer-reviewed journals highlight the positive impacts of TM on mental health, emotional well-being, and educational attainments in hundreds of studies worldwide.

The Mahatma Effect, characterized by compelling evidence of scientific validation and credibility, establishes a significant reduction in societal stress, crime, and violence. In the sphere of peace orchestrated by India, the marriage of ancient Vedic wisdom and modern science creates a powerful melody. GUSP’s mission is to foster a movement for peace, security, and well-being, through its efforts in addressing the needs of marginalized and vulnerable populations. GUSP, as a leader in the field of peacebuilding, is committed to empowering individuals, organizations, and nations to promote harmony and prevent conflict. GUSP’s vision is to build a global community of peace and well-being, guided by the principles of scientific validation and credibility.

Embracing Harmony: a Journey near Vedaharad

Dr. T. Rajesh

In the context of global security, India’s Vision to 2030, as espoused by Prime Minister Narendra Modi, is an ambitious blueprint for India’s role in the world, highlighting the importance of peace, security, and international cooperation. The Vision seeks to position India as a global leader in the fields of democracy, economic development, and strategic partnerships, with a strong emphasis on peace and security.

Journeying toward a world that is more secure, equitable, and prosperous, India is embarking on a transformative path, guided by the principles of harmony, justice, and peace. GUSP’s initiatives aim to foster a culture of peace, security, and well-being, through evidence-based solutions. GUSP’s goal is to build a world where peace and well-being are not just realities but are the foundation upon which a sustainable, just, and equitable future is built.

6.3 MAGNITUDE EARTHQUAKE HITS JAPAN

A 6.3 magnitude earthquake struck near the city of Akita in northern Japan on Saturday, the National Police Agency said. The quake struck at 8:47 p.m. local time and was reported felt as far away as Tokyo, which is located about 200 miles (320 km) from the epicenter. The epicenter was located about 20 miles (30 km) from the coast of northern Japan and the magnitude 6.3 earthquake was probably a result of the ongoing tectonic activity along the Pacific Ridge, where the Pacific and Philippine plates meet, the agency said. There were no immediate reports of injuries or damage. The Japan Meteorological Agency said there was no risk of a tsunami.

SYRIAN VIOLATION AT Golan Heights

The Israeli Defence Forces (IDF) have arrested four Syrian soldiers near the Golan Heights, the IDF said in a statement. According to the statement, the soldiers were captured by Israeli forces near the town of Kfar Kila, which is located near the Jordanian border. The IDF said it had deployed additional forces to the area to secure the area. The incident comes amid escalating tensions between Israel and Syria, with both countries engaged in a series of military confrontations near the border.

JOHNSON & JOHNSON ASKS SENATE TO OK FOREIGN DRUG IMPORTS

Johnson & Johnson has asked US Senator Lindsey Graham to pass a bill that would allow the US company to import generic drugs from Canada. The company said the proposal, known as the Affordable Accessibility Act, could save lives and save billions of dollars. The bill would allow companies like Johnson & Johnson to import generic drugs from Canada at a lower price and provide them to US patients at a lower cost. The company said the proposal could save lives and save billions of dollars.

AIDS FOCUS: FAR EASTERN COUNTRIES IN TREATMENT REDUCTION EFFORT

AIDS experts in the Far East have called for a reduction in the number of people living with HIV/AIDS in the region. They said that this could be achieved by improving treatment services and expanding access to antiretroviral drugs. The call comes as the region faces an increasing number of new HIV infections, particularly among young women and men. The experts said that this could be achieved by improving treatment services and expanding access to antiretroviral drugs.

Mauritius PM hosts reception for New Zealand PM

Marie-Josée Djoko, the Prime Minister of Mauritius, hosted a reception for New Zealand Prime Minister Jacinda Ardern in Port Louis on Thursday. Prime Minister Djoko welcomed Mrs Ardern, who is on a State Visit to Mauritius, to Mayotte and the Comoros Islands. She also presented Mrs Ardern with a copy of the Constitution of the Republic of Mauritius and a copy of the Constitutions of the Comoros and Mayotte.

ISLAMABAD POLICE RELEASE MUGGED STUDENTS SIX DAYS AFTER THEIR ABUSE

Five students, who were kidnapped by Taliban alunos on May 27th, were released in Islamabad. The students, who were studying at a local university, had been held hostage for six days. The students were kidnapped by the militants, who demanded a ransom of Rs 100,000 for their release. The police have launched an investigation into the incident.

A large crowd of Islamabad students stormed into the main campus of a private university in Islamabad on Tuesday, demanding the release of their fellow students who were arrested by the police after a protest. The students had been protesting against the police action, which they said was illegal and in violation of their rights. The police had arrested 15 students during the protest, which lasted for around an hour. Sharmila Tagore reveals she battled cancer

Veteran actor Sharmila Tagore, along with her son Akshay Kumar, graced the daily guardian review and world of musicians and artists event at the Taj Mahal Palace, Mumbai. During a conversation with the hosts, she revealed that she had battled cancer.

She explained: “It was at the height of COVID-19. They hadn’t really grappled with the heat of COVID-19. She not only established herself in the Bengali cinema but also became a national star of Bollywood. She worked in movies such as ‘Kabhi Kabhi’, ‘Araathama’, ‘Daag’ and ‘Dost’.

She made her comeback in the family’s ‘Gumshuda’ which also starred Manoj Bajpayee in the lead role. ‘Gumshuda’ also marked the beginning of her acting career.

The period action drama ‘Sam Bahadur’ is based on the life of India’s first Field Marshal Sam Manekshaw. His career in the army spanned four decades and five wars. He died of a heart attack on December 6, 2023.

Manekshaw’s career in the army was marked by success. He was an expert strategist and a brilliant tactician.

New Year, New Style: Fashion-forward outfits for fresh beginnings of the year

As the year draws to a close, bidding adieu to 2023 and embracing the new, the essence of New Year’s Eve becomes all the more palpable. It’s a moment that warrants an ensemble speaking the language of new beginnings—that resonate with the exuberance of this occasion, whether amidst a glamorous soiree or within the intimacy of a cherished celebration. Here are a few key tips to大队 your fashion for the year round.

SPARKLE AND SHINE
Picture yourself stepping into the vibrant realm of the new year, draped in sequins and metallics. Embrace a captivating aura with a shimmering dress or a dazzling jumpsuit, a nonpareil choice to elevate your look instantly. Classic gold or silver hues awash timeless elegance, while black sequins seamlessly fit to dominate the fashion scene.

CHIC AND COZY KITS
In the embrace of cooler temperatures, find solace in the knits that effortlessly marry comfort with style. Picture a black knit paired with a statement coat, creating a perfect equilibrium between comfort and fashion. Opt for bottoni like candy-apple or forest green, keeping the holiday spirit alive while ensuring a cozy yet stylish look.

PLAYFUL JUMPSUITS
Step away from conventions and embrace contemporary flair with a playful jumpsuit, a canvas for bold and memorable fashion statements. Experiment with unique silhouettes, consider wide-leg or culotte styles to add an element of fireworks to your look. Imagine walking in rosy red-eye-catching patterns with high slits you can stand out, making a statement that lingering.

Mix and Match
Craft a bespoke New Year’s Eve ensemble by interchanging diverse textures, patterns, and adornments to transform your usual style. For a captivating look, combine wide-leg trousers or metallic skirt with statement jewelry. Tasteful elements allow for an array of individualities ensuring your look is a dissectible combination of one stride into a year ripe with panache and self-assurance, this pillar moment of transition, these subtle inspirations serve as a gateway to express your personal flair, setting the stage for a party-hopping statement in the upcoming year.

Let your attire speak volumes, encapsulating the spirit of anticipation, freshness, and the boundless possibilities that lie ahead.

RELAXED FITS
Refined lines with a touch of sophistication are expected to dominate the fashion scene. Think well-fitted suits with a slightly more casual twist—combining comfort and style seamlessly.

PREPARE TO SHAVE...
When it comes to prepping your face or body, you gotta get it right to keep your skin looking its best. Here are a few tips you can try:

1. **Hair Growth**: If you’re concerned about how to handle your hair growth, you can always opt for a trimmer or shave. But fuzz, no fuzz, or just enough is really a personal choice.

2. **Frequency**: How often should you shave? It depends on your comfort level and personal preference.

3. **Stylish Solutions**: There are many stylish solutions to shaving, like using a razor with a guard or selecting a trimmer that fits your needs.

4. **Skin Irritation**: For minimizing skin irritation or redness, you can try using a post-shave balm. It’s a cult favorite for no post-shave burn after shaving. Also, how can one prevent or alleviate it?

5. **Maintenance**: How often do you typically shave? It’s a personal choice, but for those on the go, we recommend using a trimmer or shaving cream.

6. **Sustainability**: We believe in reducing waste and being environmentally conscious. So, why not try using a razor with a replaceable blade?

7. **Satisfaction**: How satisfied are you with your shaving experience? We want to know what you think!

8. **Personal Care**: We believe in the importance of personal care. So, why not try a new razor or shaving cream?

9. **Education**: We want to empower women with education on self-care. So, why not try a new blog post or social media campaign?

10. **Eco-Friendly**: We believe in the importance of sustainability. So, why not try using eco-friendly razors or shaving creams?

We speak to an expert on how to do it! Don’t lose shaving and how to shave the right way!
